JAVA Mock Test

Question:- Write a Java Program to sort an array, the elements of an array are provided by the user.

Answer:-

```
import java.util.Arrays;

// Himanshu Chandola MCA HLD CAMPUS

public class SortArray
{
    public static void main(String[] args)
    {
        int [] array = new int [] {90, 23, 5, 109, 12, 22, 67, 34};
        Arrays.sort(array);
        System.out.println("Elements of array sorted : ");
        for (int i = 0; i < array.length; i++)
        {
            System.out.println(array[i]);
        }
    }
}
```
